Tarun Sanghavi

Web Developer

+91 6353561807 sanghavitarun354@gmail.com Bhavnagar, Gujarat tarun-sanghavi Tsanghavi18

PROFILE

Aspiring Web Developer with a passion for coding. Proficient in front-end and back-end technologies, eager to kickstart a career in web development and contribute to exciting projects.

KEY SKILLS

- Java
- React.js,
- Node.js, MongoDB
- CSS, JavaScript
- My SQL, GitHub
- Conceptual problem-solving ability

Projects

Expense Tracker

GitHub Link

Tech stack: HTML, CSS, JavaScript

- Allows you to add transactions and remove expenses, while showing your latest total balance.
- Additionally, you can view a summary of your transaction history. You can also categorize transactions for better tracking and analysis.

Social Media Dashboard

GitHub Link

Tech stack: HTML, CSS, JavaScript

- I have created Social Media Dashboard Project Using HTML, CSS & some JavaScript. In this, you have shown your Followers, Subscribers, Likes & Messages on different social media accounts.

Movie Hub

Tech stack: CSS, JavaScript, React.js

- Movie Hub is a comprehensive online platform designed to offer a vast collection of movies across various genres. The website provides users with an intuitive interface that includes features such as a search function to quickly find specific movies and a sort-by option to filter films based on popularity, highest ratings, and release date.

EDUCATION & QUALIFICATIONS

- Pursuing Bachelor's degree in Information Technology,
